

Manager, Construction & Maintenance

The Erie County Redevelopment Authority (PA) seeks a project manager with construction and maintenance experience.

The candidate should have strong project management experience as demonstrated through managing facilities and construction projects; previous experience with design-bid-build strategies and construction and code regulations.

Candidate should be a team worker, adapt easily to change, and must be comfortable operating in a fast paced, evolving development environment while balancing and advancing multiple projects at once.

Candidates should have five or more years of progressively responsible experience managing real estate development projects, preferably with a comparable redevelopment agency. A bachelor's degree and/or a combination of experience and education in planning, economic development, or construction management wanted.
